Greenhouse films

Duratough® 200-215mu

[\(VIEW WEBPAGE\)](#)

Clear Long life commercial greenhouse film
 Heavy duty 215 micron thickness

Code	Colour	Width x Length
DURTM2	Natural/Clear	2m x per metre
DURTM3	Natural/Clear	3m x per metre
DURTM4.1	Natural/Clear	4.1m x per metre
DURTM5	Natural/Clear	5m x per metre
DURTM6.3	Natural/Clear	6.3m x per metre
DURTM7.2	Natural/Clear	7.2m x per metre
DURTM8.2	Natural/Clear	8.2m x per metre
DURTM9.2	Natural/Clear	9.2m x per metre
DURTM10.5	Natural/Clear	10.5m x per metre
DURTM12	Natural/Clear	12m x per metre
DURTM13.1	Natural/Clear	13.1m x per metre
DURTM14.5	Natural/Clear	14.5m x per metre

Durashade™ 200-215mu

[\(VIEW WEBPAGE\)](#)

White light shaded greenhouse film
 Heavy duty 215 micron thickness

Code	Colour	Width x Length
DURSHAM9.2	White	9.2m x per metre
DURSHAM13.1	White	13.1m x per metre

Polyweave™ 300mu

[\(VIEW WEBPAGE\)](#)

Reinforced horticultural film
 Heavy duty 300 micron thickness

Code	Colour	Width x Length
POLW2.7	Natural	2.7m x per metre
POLW4	Natural	4m x per metre

Ultraflex 200mu

[\(VIEW WEBPAGE\)](#)

Clear Long life commercial greenhouse film
 Heavy duty 200 micron thickness

Code	Colour	Width x Length
TBLUF2008	Natural/Clear	8m x per metre
TBLUF2009.2	Natural/Clear	9.2m x per metre
TBLUF2010.5	Natural/Clear	10.5m x per metre

UltraShade 200mu

[\(VIEW WEBPAGE\)](#)

White light shaded greenhouse film
 Heavy duty 200 micron thickness

Code	Colour	Width x Length
TBLUF2008	White	8m x per metre
TBLUF2009.2	White	9.2m x per metre
TBLUF2010.5	White	10.5m x per metre

Ultraflex 150mu

[\(VIEW WEBPAGE\)](#)

Clear Long life commercial greenhouse film
 Heavy duty 150 micron thickness

Code	Colour	Width x Length
TBLUF1503.5	Natural/Clear	3.5m x per metre
TBLUF1504.1	Natural/Clear	4.1m x per metre

Duracloche 110mu

[\(VIEW WEBPAGE\)](#)

Cloche Clear film
 110 micron thickness

Code	Colour	Width x Length
CLOCF1.9	Natural/Clear	1.9m x 100m on roll
CLOCF1.9/C	Natural/Clear	1.9m x per metre
CLOCF2.7	Natural/Clear	2.7m x 100m on roll
CLOCF2.7/C	Natural/Clear	2.7m x per metre

Tapes & Sealants

Batten tape

[\(VIEW WEBPAGE\)](#)

Double-sided foam tape retained by isolating battens onto the framework

Code	Colour	Width x Length on roll
BATT25	White	25mm x 25m
BATT48	White	48mm x 25m

All weather repair tape

[\(VIEW WEBPAGE\)](#)

Clear self-adhesive tape for the simple and quick patching of small tears

Code	Colour	Width x Length on roll
ALLW48	Clear	48mm x 25m
ALLW96	Clear	96mm x 25m

Patchbond repair tape

[\(VIEW WEBPAGE\)](#)

Permanent repair system for flexible membranes such as greenhouse films

Code	Colour	Width x Length on roll
PAT50-25	Clear	50mm x 25m
PAT150-25	Clear	150mm x 25mm

Polyguard hotspot tape

[\(VIEW WEBPAGE\)](#)

Self-adhesive white 100% polyester felt tape designed to provide a soft anti-abrasion layer

Code	Colour	Width x Length on roll
POL24	White	24mm x 50m
POL30	White	30mm x 50m
POL40	White	40mm x 50m
POL50	White	50mm x 50m
POL65	White	65mm x 50m
POL100	White	100mm x 50m

Gutter solvent cleaner

[\(VIEW WEBPAGE\)](#)

Cleaner dissolves grease and dirt, fast evaporation

Code	Colour	Bottle quantity
SILICONESOLVENT	Clear	1 Litre

Gutter silicone sealant

[\(VIEW WEBPAGE\)](#)

Used for the overlapping Redpath gutter design

Code	Colour	Tube quantity
SILICONEGREY	Grey	300ml

Polybelt strap

[\(VIEW WEBPAGE\)](#)

Tension webbing strap

Code	Colour	Width x Length roll
POLB25	White	25mm x 50m
POLB38	White	38mm x 50m

Roof retaining rope

[\(VIEW WEBPAGE\)](#)

8mm x 16 strand
 White round
 Polyester Rope

Code	Colour	Length on spool
ROP8100	White	100m

Aluminium Foil tape

[\(VIEW WEBPAGE\)](#)

To seal top edges of Polycarbonate

Code	Colour	Width x Length roll
TAPEAL25	Silver	25mm x 50m

Gutter Liner

Gutter liner

[\(VIEW WEBPAGE\)](#)

Rejuvenate deteriorating gutters and extend their useful service life

Code	Colour	Width x Length roll
GUTL	White	600mm x 100m

Fasteners, Brackets, Doors

Clipping fastening systems

Duralock2® Alloy & UPVC

[\(VIEW WEBPAGE\)](#)

Film/Fabric holding system include alloy base, channel insert & lock bead. Easy on the cladding & simple to use. complete 3 Piece includes Base, channel insert, bead

Unirail used for base rails, top rails, mid rails

Code	Length	Description
DUR2SCL	4.5m	Single groove 3 Piece Longleg complete
DUR2SCS	4.5m	Single groove 3 Piece Shortleg complete
DUR2TCL	4.5m	Twin groove 3 Piece Longleg complete
DUR2TCS	4.5m	Twin groove 3 Piece Shortleg complete
DUR2ICL1.5	1.5m	Channel insert & lock bead Longleg UPVC
DUR2ICLS1.5	1.5m	Channel insert&lock bead Shortleg UPVC
DUR2SB4.5	4.5m	Single groove base only Alloy
DUR2TB4.5	4.5m	Twin groove base only Alloy
DUR2IC1.5	1.5m	Channel insert only UPVC
DUR2LBL1.5	1.5m	Lock bead only Longleg UPVC
DUR2LBS2.25	2.25m	Lock bead only Shortleg UPVC
DUR2R5.7U	5699mm	Uni Upstand Rail Twin Groove Alloy
SLED2300U	300mm	Duralock 2 Sleeve

Lockstrip Alloy & UPVC

[\(VIEW WEBPAGE\)](#)

Film/Fabric holding system parts use an alloy base, UPVC insert & clips. Easy on the cladding

Code	Length	Description
LOCSC	4.5m	Single groove 3 Piece Longleg complete
LOCSCS	4.5m	Single groove 3 Piece Shortleg complete
LOCTC	4.5m	Twin groove 3 Piece Longleg complete
LOCTCS	4.5m	Twin groove 3 Piece Shortleg complete
LOCILC	1.5m	Insert Including clips Longleg UPVC
LOCISC	1.5m	Insert Including clips Shortleg UPVC
LOCSB4.5	4.5m	Single groove base only Alloy
LOCTB4.5	4.5m	Twin groove base only Alloy
LOCIL1.5	1.5m	Insert only Longleg UPVC
LOCIS1.5	1.5m	Insert only Shortleg UPVC
LOCCLPEA		Clips each
LOCCLP		Clips bag of 100
LOCCLP1000		Clips bag of 1000

Lok-Clip - Alloy & UPVC

[\(VIEW WEBPAGE\)](#)

TaylorBuilt / Harford two piece film/fabric holding system. Parts use Alloy base and a top cap made from either Alloy or UPVC

Code	Length	Description
LOKCLIPBT	4.5m	Twin groove base only Alloy
LOKCLIPBS	4.5m	Single groove base only Alloy
LOKCLIPL	3m	Insert Singleskin Longleg UPVC
LOKCLIPS	3m	Insert Twinskin Shortleg UPVC
LOKCLIPA	3m	Insert Twinskin Shortleg Alloy
LOKCLIPAF	Roll	Film filler 145/150mm x 50m

One piece "A leg"

[\(VIEW WEBPAGE\)](#)

UPVC used for in specialist locations only and fits into Lockstrip alloy base or the old Floralink greenhouse system clip design

Code	Length	Description
LOCIA3.4	3.4m	Insert clip UPVC

F-Link alloy insert

[\(VIEW WEBPAGE\)](#)

Used for in specialist locations only and fits into Lockstrip alloy base or the old Floralink greenhouse system clip design

Code	Length	Description
LOCIA3.4AL	3.4m	Insert clip Alloy

V lock

[\(VIEW WEBPAGE\)](#)

UPVC fits Redpath domestic tunnelhouses from November 2023 singleskin only Fits into the lockstrip aluminium base

Code	Length	Description
LOCID60POM	60mm	Lockstrip POM White

Wire omega cable clip

[\(VIEW WEBPAGE\)](#)

UPVC utilised for the semi-permanent retaining of films and fabrics onto wires or cables

Code	Length	Description
OMEGA3ASA	1.5m	Fits to 3.15mm wire
OMEGA6ASA	1.5m	Fits to 6mm wire
OMEGA7	0.5m	Fits to 7.5mm wire

Roof battens

[\(VIEW WEBPAGE\)](#)

Used to secure the roof cladding onto the ridges & rafters greenhouses

Code	Length	Description
BAT4	4m	Aluminium base only
BAT4T	4m	Aluminium base with tape

Ventilation

Roof Ventilation

[\(VIEW WEBPAGE\)](#)

Code	Description
RAC1.65	Rack & Pinion Straight Steel 1.646m
VENTT	Swaged torque tube 25nb x 2.6mm x 5.85m

Commercial buildings

Vented roof designs

[\(VIEW WEBPAGE\)](#)

Top of the line greenhouse models from Redpath. They are fully NZ building code compliant design engineered structures, utilising strong RHS steel, HDG poles, 12mm fully bolted 4mm plate connections, and cold rolled 'walk-through' wide steel gutters as standard.

These greenhouses are used for year-round production of vegetables, flowers and nursery crops that require accurate environmental control. These designs may be twinskin or singleskin clad with Duratough 215 micron film. The cosecant rafter "A" frame truss design is a unique Redpath feature and it allows superior light transmission through to the crop via reduced overhead structural shading.

Arch roof designs

[\(VIEW WEBPAGE\)](#)

Redpath arch tunnel greenhouse spans are supplied in 6m, 8m or 9.6m widths. Used for seasonal vegetables, flowers & crop etc. Lengths can be anything from 12m through to 150m or more. These designs are popular for shoulder-season crops, nursery crops, berries, fruits, vegetables and flower crops that require protection from the outside environment.

Quick build shadehouse

[\(VIEW WEBPAGE\)](#)

Our popular Quickbuild Shadehouse are a cost-effective and a simple to build "sleeve-connected" all steel frame design.

The kit include all overhead steel framework, steel poles, exterior bracing poles, shade cloth, cloth clamping systems, brackets, cables, bolts, fasteners & tensioners to complete the building. We supply nationwide and export throughout the Pacific. Popular with Nurseries, Councils, Lifestylers, Landscapers, Garden Centres, Native tree propagators, Berry Producers, Commercial croppers etc.

Arch or Truss Shadehouse

[\(VIEW WEBPAGE\)](#)

The Redpath arch or truss shadehouse designs are another option to the more cost-effective flat roof shadehouse designs.

The arch or truss roofed shadehouses therefore offer a more permanent design option, improved overhead clearance and a fully design engineered solution that may also be converted to a poly clad greenhouse at some later date. Multiple spans available and may be inter-connected side by side for a multi span layout. Lengths can be anything from 12m through to 150m or more. Supplied with 50% knitted shade cloth cladding or other grades of shade cloth or Insect screening to suit your needs.

Quarantine Structures

[\(VIEW WEBPAGE\)](#)

The level of quarantine required differs from facility to facility and therefore Redpath use the flexibility of our full buildings range to come up with a solution. Both natural and forced air fan ventilation systems are an option, as are internal partition walls, internal doors, double annex door entrances, specialty sealing of the frame and cladding from the outside environment. Singleskin or Twinskin Duratough 215 micron Greenhouse film is used, or alternatively there is a white shaded roofing option using Durashade, Duraflex or White canvas Biomesh level 2 quarantine mesh is often used within our designs for any openings, exhausts, annex, anti-rooms etc.

Medicinal Marijuana Hemp

[\(VIEW WEBPAGE\)](#)

Redpath manufacture, distribute and install our range of commercial crop greenhouses from its factories based in New Zealand and Australia.

Medicinal cannabis or marijuana where legal and authorized to grow can achieve substantially improved production levels when grown under controlled environmental conditions.

Redpath use and recommend Duratough greenhouse film for this growing of medicinal marijuana as it has a high P.A.R (Photosynthetic Active radiation) transmittance level.

Sports shelter

Golf Driving Range Shelter

[\(VIEW WEBPAGE\)](#)

Redpath Golf Shelters provide a natural light rain-proof practice area and they use Redpaths specialist clear long life roof claddings of clear coloured Duratough or white coloured Duraflex or Canvas options. Redpath Golf shelters are fully engineered for long life and reliable performance. Redpath can quote a constructed price nationwide or the Golf Shelters or they may be purchased in kitset form only.

Cricket Training Facilities

[\(VIEW WEBPAGE\)](#)

Redpaths specialist Duratough heavy duty long life clear roof cladding allows PAR (photosynthetic active radiation) light to travel through the cladding which in-turn allows natural grass pitches to be grown within the shelter if required. Artificial turf is also a common use within the Redpath cricket shelters. Natural light provides life-like conditions for bowlers and batsmen to practice.

Industrial

Garden centre

[\(VIEW WEBPAGE\)](#)

These buildings provide a warm, dry and well-lit browsing experience for customers. Aesthetics are just as important to the shoppers experience' and the Redpath designs offer a clean uncluttered overhead appearance with reduced bird perching points. Many different choices of roof cladding are available.

Industrial

[\(VIEW WEBPAGE\)](#)

Redpath industrial shelters are used as a permanent type shelter for general storage or to protect / operate workplace equipment. Redpath have supplied these shelters for housing steel storage, timber drying, firewood protection, car-yards, garden centres, pools, playgrounds, entertainment areas, boat or caravan shedding and drying facilities etc.

Retail

[\(VIEW WEBPAGE\)](#)

Redpath industrial shelters are used as a permanent type shelter for general storage or to protect / operate workplace equipment. Redpath have supplied these shelters for housing steel storage, timber drying, firewood protection, car-yards, garden centres, pools, playgrounds, entertainment areas, boat or caravan shedding and drying facilities etc.

Dairy & Animal housing

Dairyshelters™

[\(VIEW WEBPAGE\)](#)

Built nationwide Redpath designs of clear or white shaded roofed dairy housing shelters offer an efficient shelter system for NZ farmers. From Clear, White, Canvas, Tin or clear panel roof options. Built nationwide Redpath designs of clear or white shaded roofed dairy housing shelters offer an efficient shelter system for NZ farmers. They are fully NZ building code compliant design engineered structures that utilise strong RHS steel with long-life coatings, 12mm fully bolted 4mm plate connections, and cold rolled 'walk-through' wide steel gutters.

Animal housing

[\(VIEW WEBPAGE\)](#)

Redpath shelters offer protection for a variety of animals and Organisms. Used for Aquaculture, Goats, Pigs, Poultry, Seafood and many other applications. The warm dry environment produced by the clear or white shading roofing provides a natural and sheltered environment. Redpath pay special attention to the corrosion resistance of the poles and framing for their animal sheds. A range of spans is available for this application, from 6m wide right through to 15m clear spans. Roll up wall blinds and roof ventilation systems with fully automated or manual control are optional for ventilation throughout the season, or alternatively an extraction fan system may be easily fitted. Overhead shadescreen systems are another popular choice for protection of the animals or organisms.

Redpath operates 16 construction teams, we manage the building permit application and can help with resource consents if they arise. We then build on your site using local builders that then continue to offer local after sales service. Redpath have supplied and erected 1000s of these designs throughout our nearly 40 year history.

Animal Shade Shelters

[\(VIEW WEBPAGE\)](#)

Used to shelter from the sun, Dairy herds, Beef, Goats etc, we supply them in a range of modular sizes to suit the individual needs. Our design includes simple slide-together connectors for quick and secure assembly of the main frame. Only basic tools and skills are needed to erect the building. The Redpath Shadehouses give owners speedier build times, improved durability and affordability over more traditional timber pole/wire & clip designs.

Aquaculture housing

[\(VIEW WEBPAGE\)](#)

Redpath Aquaculture shelters with roofing type can be clear open UV for seaweed, algae growth or white shaded to reduce UV stress for shellfish etc. Redpath Aquaculture shelters provide a natural environment for quality and consistent fish farming production. Redpath pay special attention to the corrosion resistance of the poles and framing and can also up-spec the building for even greater resistance to saltwater environments. A range of spans is available for this application, from 6m wide right through to 15m clear spans.

Calf shelters

[\(VIEW Permanent type WEBPAGE\)](#)

[\(VIEW Quick-build budget WEBPAGE\)](#)

The Redpath permanent type calf shelters are fully engineered and designed for long service life. Built nationwide – Redpath permanent calf shelters are fully NZ building code compliant with design engineering that utilise strong RHS steel with long-life coatings, 12mm fully bolted 4mm plate connections, and cold rolled 'walk-through' wide steel gutters. The gutters are standard on all pole lines (including the exterior walls).

Redpath Quick-build budget calf rearing shelters are a simple and durable solution to providing a warm natural light environment to raise healthy happy calves. We have supplied hundreds of these shelters nationwide to happy customers. This design is straightforward to build in 6m width. They are typically erected by local fencing contractors, handyman or owners within a few days usually by two persons (depending on the size).

About us

Since 1984 Redpath have been designing, manufacturing and installing industry leading NZ made commercial greenhouse, Lifestyle Greenhouses and Animal shelter buildings. We have installed 1000's of fully engineered, permit approved commercial and lifestyle structures for the Horticultural and Animal Shelter industry nationwide and export them worldwide.

Our buildings size range goes from small designs up to buildings that are many hectares in size.

We have 30+ staff and 16 dedicated building crews to give our customers "peace of mind" service and one of the best after sales maintenance services available.

We manufacture an average of 10 -15 hectares of buildings each year.

We supply direct to you and offer a full range of horticultural films, fabrics, and equipment to support our buildings range and general farm needs. You can order our products using the secure on-line shopping cart on this site and you will also receive an automatic discount.

In November 2023 Redpath purchased the Stock, Plant and selected IP of Taylor Built Greenhouses a long-standing manufacturer and supplier to the Horticultural industry. Many TaylorBuilt products continue to be available from Redpath.

We try to keep this product index up to date and it represents our latest products. Any information within this product catalogue is only a brief description of our products and services range and should not be considered as complete. Please note our terms and conditions on website.

SUPPLIER'S STATEMENT

This Redpath® catalogue with its written and illustrated information is a brief advertisement and generalisation for products and services supplied. Its limited capacity does not allow for any detailed or technical product information needed to ascertain exact product suitability for end use. Detailed technical information and support pertaining to installation, durability, structural capacity, suitability and compatibility etc (including any performance based data relating to building codes etc) of any product or buildings listed within the catalogue are available from our technical staff.

It is recommended customers request additional information from Redpath® and/or seek advice from qualified industry consultants if they are unsure of any listed products suitability, design purpose or installation techniques.

Note: Redpath® products when used outside the Redpath® intended design purpose or installation recommendations may not meet their expected performance and any warranties may/will be voided.

Terms & Conditions of Sale

1. Application:

These conditions of sale shall apply to every contract ((except for commercial building sales for which the conditions outlined in the SSC (specifications & Supply contract) will apply)) for the sale of goods which is made by Redpath Pacific Ltd (the seller) or any related company of Redpath Pacific Ltd.

2. On-Line Ordering

the Buyer acknowledges and agrees that:

- a) The Seller does not guarantee the website's performance.
- b) Display on the website does not guarantee the availability of any particular Materials; therefore, all orders placed through the website shall be subject to confirmation of acceptance by the Seller.
- c) On-line ordering may be unavailable from time to time for regularly scheduled maintenance and/or upgrades.
- d) There are inherent hazards in electronic distribution, and as such the Seller cannot warrant against delays or errors in transmitting data between the Buyer and the Seller including orders, and you agree that to the maximum extent permitted by law, the Seller will not be liable for any losses which the Buyer suffers as a result of on-line ordering not being available or for delays or errors in transmitting orders.
- e) When making a transaction through the website, the Buyer's information will pass through a secure server using SSL (secure sockets layer) encryption technology or any other similar technology as disclosed by the Seller and/or displayed on the website. The encryption process ensures that the Buyer's information cannot be read by or altered by outside influences; and
- f) If the Buyer is not the cardholder for any credit card being used to pay for the Materials, the Seller shall be entitled to reasonably assume that the Buyer has received permission from the cardholder for use of the credit card for the transaction.
- g) The seller takes no responsibility for details provided by the buyer that might be incorrect or false or incomplete or misleading.
The Seller reserves the right to terminate the Buyer's order if it learns that you have provided false or misleading information, interfered with other users or the administration of the Seller's business, or violated these terms and conditions.

3. Specifications:

The Buyer acknowledges that all descriptive specifications, illustrations, drawings, data, dimensions, and weights stated in the Seller's website, price lists or advertising material, are approximate only and are given by way of identification only. The Buyer shall not be entitled to rely on such information, and any use of such does not constitute a sale by description, and does not form part of the Contract, unless expressly stated as such in writing by the Buyer

4. Price:

- 1.1 The purchase price of the goods shall be the price ruling at the date of delivery unless otherwise agreed in writing.
- 1.2 Any price indications or price lists are subject to alteration to the price ruling at the date of delivery.
- 1.3 Unless otherwise stated, the website purchase price is inclusive of Goods and Services Tax and other duties and taxes which, if payable, shall be to the buyer's account and shall be governed by the provisions of clause 3 below as if they were part of the purchase price.

5. Payment

Subject to any variation of this clause which is notified to the buyer in writing, the purchase price of the goods shall be due and payable (in full) prior to dispatching of order unless otherwise stated.

6. Delivery

- 6.1 The seller will make all reasonable efforts to have the goods delivered to the buyer on the date agreed between the parties to be the date of delivery. The buyer is responsible for unloading of all goods.
- 6.2 For website sales / On-line sales the delivery address and service options is selected solely by the buyer. If the delivery service or options chosen do not match the clients delivery details / needs the additional cost is to the buyer. For example if the goods require specialist unloading equipment or manpower then any additional cost is to the buyer. For on-line sales the Seller uses an 'average freight rate calculator" to estimate freight costs. If the buyers property or site access location is beyond the local freight companies delivery range or service area there may be an additional delivery cost(s) and these will be to the buyers care.
- 6.3 Goods may be delivered in instalments, and in such case each delivery shall be regarded as a separate contract and goods delivered shall be paid for accordingly. The failure to make any delivery shall not vitiate the contract as to other deliveries.
- 6.4 Notwithstanding any provisions as to the date of shipment an delivery, shipments or deliveries may be totally or partially suspended by the Seller during any period in which the Seller may be prevented from delivering through any circumstances outside its (reasonable) control - including but not limited to any: fire, accident, earthquake, flood, crime, war, blockage, civil commotion, epidemic, strike, lockout, labour dispute (whether or not at the works of the manufacture), shortage of fuel, power or raw materials or inability to obtain transport, and no such suspension shall entitle the buyer to cancel this contract or to refuse to accept delivery of the goods.
- 6.5 If the Buyer specifically requests the Seller to leave Materials outside the Seller's premises for collection or to deliver the Materials to an unattended location then such Materials shall always be left at sole risk of the Buyer and it shall be the Buyer's responsibility to ensure the Materials are insured adequately or at all. In the event that such Materials are lost, damaged or destroyed then replacement of the Materials shall be at the Buyer's expense.

7. Kitsets

7.1 A full Materials list will be provided by the Supplier upon delivery of the kitset. The Customer shall be responsible for checking that Materials provided match the list with any shortages or damages being notified to the Supplier within seven (7) days of delivery. Failure to notify the Supplier within this time, the Supplier shall be entitled to accepting that the Materials are deemed to be correct and delivered.

8. Goods for Return

No goods shall be returned to the Seller unless the buyer first obtains the Seller's written consent to such return, and this consent must be sought by the buyer within 14 days of the buyer receiving the goods. When the Seller does accept the goods for return, the costs for the return shall be to the buyer's account and the Seller may in addition charge to the buyer a 10% handling fee.

9. Damage or Loss in Transit

If/when taking delivery at the wharf or otherwise, the buyer signs a clean receipt for goods which later are found to have been damaged or lost in transit, thereby prejudicing a possible claim on a third party, the Seller shall be freed from all responsibility for the loss or damage involved.

10. Default

If an Event of Default occurs, and without prejudice to any other rights, powers or remedies the Seller may have:

- a) the Seller may suspend or terminate the supply of goods to the buyer and any of its other obligations under the Contract (and any other Contract), or cancel all or any part of any order with the buyer which remains unperformed,
 - b) All amounts owing shall immediately become due and payable notwithstanding that the due date for payment has not arisen and,
 - c) The Seller may charge the buyer a default penalty interest on any moneys due on a daily basis rate of 1.5% per month until the date of payment is received in full from the buyer.
 - d) The Sellers Debt Collection Agent may charge the buyer a fee equal to 25% of the unpaid portion of the price and other legal and collection costs not covered by the fee, but not less than \$150.00.
 - e) In the case of a default in payment/s, warranty claims may not be accepted by the Seller until all goods are paid in full.
- 10.1 The Seller will not be liable to the buyer for any loss or damage the buyer suffers because the Seller exercises any rights, powers or remedies after the occurrence of an Event of Default, including under this clause.
- 10.2 The buyer agrees that, at any time after an Event of Default has occurred or at any time if any Goods are at risk, the Seller may:
- a) Take possession of any goods; and/or
 - b) sell or dispose of any goods in such manner and generally on such terms and conditions as the Seller sees fit, and, in each case, otherwise do anything the buyer could do in relation to the goods. The Seller and the buyer agree that section 109(1) of the PPSA is contracted out of in respect of particular Goods if and only for so long as the Seller is not the secured party with priority over all other secured parties in respect of those goods. As agent for the buyer, the Seller (and its employees and agents) may, without prior notice, enter upon any land or premises where the Seller believes the goods are kept in order to take possession of and/or remove them. The buyer agrees to procure all other rights (including consents) necessary to enable, and to indemnify the seller (and its employees and agents) against any liability incurred in connection with, such entry, taking of possession and removal.

11. Property

- 11.1 Property in, ownership of and title to the Goods shall not pass to the buyer until:
- a) the Buyer pays the amount owing in full and all other amounts owing under other Contracts; or
 - b) (If applicable) the Buyer resells the Goods pursuant to the authority granted by these Terms.
- 11.2 Until property in goods passes to the buyer, the buyer holds the goods as the sellers Bailee and, as agent for the buyer, the seller (and its employees and agents) may, without prior notice, enter upon any land or premises where the seller believes the goods are kept in order to inspect the goods. The buyer must store the goods so they can be identified separately from the buyers own goods. The seller authorizes the buyer, in the ordinary course of the buyers business, to use the goods or resell them for full consideration. This authority is revoked immediately if:
- a) an event of default occurs; or
 - b) The buyer notifies the seller in writing that this authority is revoked.

12. PPSA

- 12.1 To the extent permitted by law, the buyer and the seller contract out of:
- a) section 114(1)(a) of the PPSA; and
 - b) The buyer's rights referred to in sections 107(2) (c), (d), (h) and (i) of the PPSA.
- 12.2 The buyer waives its right to receive a copy of any verification statement in respect of any financing statement relating to any security interest granted to the seller by the buyer.
- 12.3 The buyer agrees to indemnify the seller, upon demand, for all costs and expenses (including legal fees) incurred by the seller:
- a) As a result of the occurrence of an Event of Default (including upon actual or attempted enforcement of any security interest granted to the seller by the buyer);
 - b) In complying with any demand made under section 162 of the PPSA.
- 12.4 On request of the seller, the buyer shall meet all the sellers requests (including signing any of any delivery docket, invoices etc) to provide the information necessary to maintain a well-documented inventory of security interest/s granted to the seller by the buyer (including registration of financing documents)

13. Risk

13.1 The risk in the goods and purchases shall, unless otherwise agreed in writing, pass to the buyer on delivery.

13.2 Without limiting the generality of clause 10.1 above, the buyer assumes all risks and liabilities;

13.2.1 For any consequences arising from the use of any or all of the goods whether singly or in combination with other products.

13.2.2 For any damaged goods; and

13.2.3 For any wrong deliveries ex-wharf or otherwise.

14. Damages

No damages, consequential damages, direct or indirect, in respect of this contract, shall exceed the invoice value of the specific goods or articles complained of; and no damages will be recoverable by the buyer, in any event, unless he gives written notice of this claim to the seller within fourteen days of receipt of the goods.

15. Warranty

All goods are guaranteed to be of merchantable quality. Any warranties or conditions, statutory or otherwise, as to the goods quality or fitness for any purpose are excluded. Where, however, goods are supplied to the specifications of the buyer, these goods are guaranteed by the seller to be in accordance with those specifications. In the case of a default in payment/s, warranty claims may not be accepted by the seller until all goods are paid in full.

16. Export Prohibition

These goods are sold for use in New Zealand only and are not to be exported elsewhere, directly or indirectly, without the prior agreement of the seller.

17. Contract

Instructions, verbal stipulations, conditions and variations which are not expressly set out in the contract will not be recognised.

18. Conditions Severable

Any part of these conditions is severable and if any provision herein is held to be illegal or unenforceable for any reason, this illegality or unenforceability shall affect only that portion of these conditions which is in conflict and the remainder of these conditions shall remain in full force.

19. Variation

These conditions of sale may be unilaterally varied by the seller from time to time, and every variation made pursuant to this clause 17 shall be deemed to have been accepted by the buyer unless the buyer can reasonably be seen to have been unfairly prejudiced by the variation.

20. Termination

The seller may at any time in its sole discretion without notice to the buyer terminate the credit account. Upon termination all amounts outstanding for goods previously supplied to the buyer will become immediately due and payable by the Buyer. After termination the seller will not be obliged to supply any goods to the Buyer on credit terms

21. Jurisdiction

All contracts made between the seller and the buyer shall be governed by and construed in accordance with New Zealand law.

22. Clauses 18 to 26 as hereinafter provided apply on in the case of exports and must be read in conjunction with clauses 1 to 18.

23. Factors Rendering Export Impracticable

If after goods have been set aside or acquired to fill this contract or part thereof. Export Regulations in the country of origin or any other reason beyond the control of the seller render it impracticable to export or ship such goods from the country of origin, any loss thereby incurred (whether by resale in that country or otherwise) shall be borne by the buyer. Any storage costs, insurance, handling, or other charges connected therewith shall be for the buyer's account. C.I.F. & E. prices in this contract are based upon the rate of marine insurance and freight ruling at the date of the contract, and any subsequent variations in the cost of such insurance and/or freight is to be on the account of the buyer.

24. Payment for Export Goods

The purchase price of the goods shall be due and payable by return on receipt of invoice or pro-forma invoice unless specifically agreed in writing to the contrary.

25. Foreign Currency Conversions

Where a price is expressed in a currency other than the New Zealand Dollar, the amount payable on the date the invoice is due for payment shall be the New Zealand currency equivalent of the price on the date negotiable document are received by the seller from its overseas principals by reference to the 9.00 am ANZ NZ Ltd selling rate for New Zealand dollars.

26. Insurance

Unless otherwise expressly provided, the seller undertakes to insure the goods W.P.A. under his own open policy. Any premiums paid by the seller for the insurance are to be added to F.O.B. or C&F. contract price. The seller may cover for War Risk Insurance at the buyer's expense at any time prior to the arrival of goods at their destination.

27. Risk of Voyage

Whether the sale is F.O.B., C.I.F. & E., the buyer takes all risks of voyage, and production by the seller of a Bill of Lading acknowledging receipt by the or on behalf of the ship of the goods (or of the packages containing the goods) in good order and condition shall, as between the seller and the buyer, be taken as proof that the goods were in fact shipped in good order and condition.
